## CENTENARY OF A CIGARETTE

EGYPTIAN SOLDIER—AND NO PIPE

ONE OF OUR GREAT INVENTORS!

So I'll watch the blue rings as they eddy and twirl,  
And in possum wreathings coquettishly curl;  
There's a world of romance that persistently clings,  
To the azure curving of cigarette rings.

Others besides Ashby-Sterry have seen the "world of romance" in the cigarette rings, and later in the year will be able to pay their tribute. For the manufacturers are hoping to celebrate the centenary of the cigarette. Who was the inventor will probably never be known; like most modern achievements it was evolved.

To this day many native races roll tobacco in a carefully selected leaf, and prefer to smoke it like that to using a pipe. It is possible that this primitive cigarette preceded pipe-smoking.

As to the origin of the cigarette as we now know it wrapped in paper, a variety of claims have been put forward. There is, perhaps, some truth in the story that in Ibrahim Pasha's campaign against the Turks in 1832 a load of tobacco and a quantity of pipes were sent to an Egyptian unit as a reward for their valour in storming St. Jean d'Acre in Syria.

### The Grenade of Fate.

A grenade had blown the pipes to pieces, but an Egyptian soldier was not to be deprived of his smoke for that reason. Rolling a piece of Indian paper used for wrapping up powder into a tube, he reformed it full of tobacco—and the first cigarette was made.

The story is probably as authentic as any other, and the Egyptian soldier and his invention are in due course to be honoured in a fitting manner.

What the Egyptian soldier improvised has now become almost a necessity. We are in the cigarette age, and statistics relating to the number smoked run into astronomical figures.

### What Britain Smokes.

According to the census of industrial production taken for the year 1930, the amount of tobacco used in cigarettes smoked in Great Britain in that year was 119,523,000lb.

Cigarettes vary in weight, but the average is about 384 to the pound of tobacco. At this rate we smoked about 45,698,982,400 cigarettes in 1930.

Between 1924 and 1930 cigarette smoking increased by more than 50 per cent. Since then there has been a further increase. For the last three years the imports of manufactured cigarettes have been almost steady at about 222,000lb.

To meet the almost staggering demand for cigarettes most manufacturers have been inventing machines which turn out 1,000 cigarettes a minute, and that if necessary the speed could be increased.

Smoking amongst women, a habit which enormously increased during the war, partly accounts for the wide popularity of the cigarette.

In the early days the cigarette was looked down upon by the cigar smoker, very much as the pipe is frowned upon at a public dinner unless Mr. Baldwin is present.

## FRENCH CONQUESTS IN MOROCCO

60,000 TRIBESMEN SUBDUED BY FOREIGN LEGION

YEAR'S WORK REVIEWED

During 1932 15,900 square miles of territory in Morocco were brought under French rule, and 60,000 tribesmen made to acknowledge France's suzerainty.

This is revealed in the Foreign Legion's report just issued.

Four years ago the vast Atlas region was known only to the French Air Force, whose pilots flew over its 9,000ft. rocky peaks covered with eternal snows.

No soldiers, however, have, could have conquered the Asif Meloul region of plateaux and lakes by main force. So General Loustal sent political agents ahead of his legions, to paint rosy pictures of the benefits that the advent of French civilisation would bring.

### Blockade's Success.

The result was that fierce fighting was reduced to a minimum.

Finally, General Loustal decided that the tribes which had not submitted by August should be subjected to a blockade. At the end of the first week of September the blockaded tribes, faced with starvation, made a desperate attack, which was broken by the legions. This success was followed by a series of submissions.

The French occupation was not accompanied by harsh punitive measures. On the contrary, medical supplies, clothing, corn and cattle were distributed, and the newly submitted tribes were returned to their homes.

General Loustal (says Reuter) believes that by the end of next year his troops will be in peaceful possession of the whole country right up to the Saharan frontier.

## MESSRS. G.A. HARRIMAN'S REPORT

## BEARISH EFFECT AND BRISK MARKET.

The most notable feature of the past week was the slump in China Lights which had a bearish effect on the whole market; consequently rates in many sections were marked down considerably. The lower rates, however, attracted more investors, and trading remained very brisk throughout the whole period. Lights were done as low as \$14.00, and there was a tremendous turnover in this stock, we imagine something like 100,000 shares changed hands. Cements also were done in large quantities for various cash and forward deliveries from \$12.00 to \$13.30. Hotels were steady around \$11.00, with Providents (Old) at \$4.65/4.75. Realities were done at \$9.00. The Investment section was on the easy side with

Trams done at as low as \$20.80; Electric at \$77.75 and Lands at \$78.00. The sterling section was quiet with Banks steady at \$1,650.00 and Unions at \$510. With lower prices more interest is being taken in the market and trading activities are steadily increasing. The closing tone is firm.

Banks.—Hong Kong Banks remained steady with business done at \$1,650.00. Bank of East Asia were obtainable at \$108.00.

Insurances.—Unions changed hands at \$510/12 and there were further buyers at \$505.00. China Underwriters were in demand at \$2.60.

Shipping.—Doughlases contained in request at \$20.00. Union Waterboats were unchanged with buyers at \$21.00.

Docks, Wharves and Godowns.—Wharves could be placed at \$148.00. Providents (Old) changed hands at \$4.70.

Hotels and Real Estate.—A fair business was put through in Hotels (Old) at rates between \$10.60 and \$11.10 closing in demand at \$10.65. Hong Kong Lands eased off a little and were on offer at \$78.00. Hong Kong Realities were dealt in at \$9.00/9.10 closing in demand at \$9.05.

Cotton Mills.—Ewos showed some weakness and could be had at Tls. 14.70.

Public Utilities.—Hong Kong Tramways were dealt in at \$29.80 and more shares could be placed at this rate. Star Ferris were more or less neglected at quotations. China Lights (Old) after having been done at \$15.50 after the opening dropped to as low as \$14.10 but firmed up again at the close with business put through at \$14.80. Hong Kong Electric were sold at \$77.75. Hong Kong Telephone (New) were sought for at \$29 but sellers were scarce.

Miscellaneous.—Cements were very active and were negotiated at \$12.00/13.30. Roads could be obtained at \$11.80. Dairy Farms were on offer at \$28. Entertainments were wanted at \$12.75. Constructions (New) could fetch buyers at \$1.30.

Forward Settlement Days.—20th November and 20th December.

SHANGHAI'S NEW  
CITY LOAN

INTERESTING TALK WITH  
MR. LI MING

ATTITUDE OF CHINESE  
BANKING CONCERNS

Shanghai, Nov. 19.—As Chairman  
of the Shanghai Bankers Association  
and Chairman of the National  
Loan Sinking Fund Committee,  
Mr. Li Ming was able yesterday, in  
conversation with the North China  
Daily News, to throw an interest-  
ing light on the views of the local  
Chinese banking community on the  
Reconstruction Loan to be issued  
by the Municipality of Greater  
Shanghai through the intermediary  
of Messrs. Benjamin and Potts.

Mr. Li Ming definitely approved  
the new issued as safe and desirable  
because it was secured on the re-  
venue from the wharfage dues of  
the City Government. Those dues,  
he pointed out, would be collected  
by the Commissioner of Customs  
and deposited quarterly with the  
Hong Kong and Shanghai Banking  
Corporation for service of the loan.  
The cover, Mr. Li considered, was  
ample; yet should it prove to be  
insufficient the Inspector-General  
of Customs, acting on irrevocable  
instructions from the Minister of  
Finance, was charged with the duty  
of paying such eventual deficiency  
out of Customs Revenue at the end  
of each quarter into the Hong  
Kong and Shanghai Banking Cor-  
poration. After formal authorisation  
from the National Govern-  
ment, the City Government of  
Greater Shanghai undertakes un-  
conditionally to guarantee the loan.  
Mr. Li then referred to the pur-  
pose of the loan: construction of  
public buildings in Chapel, of  
roads and bridges in Chapel,  
Kiangwan and Woonung.

## "A Desirable Investment."

With an issue price of 85 and a  
rate of 7 per cent. interest he held  
it to be a desirable investment. In-  
teresting were Mr. Li Ming's dis-  
closures regarding the attitude of  
the Chinese bankers. He said:

"I am sure I am speaking on  
behalf of my colleagues if I say  
that the completion of the deal  
has the hearty approval of the  
Chinese banking community. True  
the amount involved is small. But  
nevertheless an excellent ex-  
ample of the desirability and  
possibility of close and successful  
co-operation between foreign and  
Chinese interests. It is just this  
feature which ought to be stress-  
ed. We consider this initial busi-  
ness as a forerunner of much  
closer financial co-operation be-  
tween the foreign business com-  
munity and the financial and  
business interests of our country."

Mr. Li Ming was definitely asked  
whether Chinese banks would have  
been prepared to float the loan on  
the same terms. He unhesitatingly  
answered in the affirmative. He  
had been well posted in the course  
of the negotiations and he personally  
did all he could to encourage their

success. An issue of \$8,000,000  
would not present anything of a  
problem to the Chinese banks, in  
his opinion, for they had absorbed  
"incomparably higher amounts of  
funds in this market."

Mr. Li admitted that he had per-  
sonally assisted in the negotiations  
and that their completion might  
be attributed in great measure to  
his efforts, for he was glad to help  
what he considered to be a sound  
scheme and, indeed, he would like  
to see it repeated in a much larger  
form. He had no authority to  
commit the other Chinese banks to  
support of the new loan, especially  
as he had not specially consulted  
them on the point. Still, speaking  
in his private capacity, he felt that  
a great number of the local banks  
would subscribe to it. Even with-  
out their active intervention he ex-  
pected oversubscription of the  
loan by the general public.

#### "THE VANISHING FRONTIER"

OLD CALIFORNIA STORY  
FOR "KING'S"

A trade notice states:—  
"Vanishing Frontier," a story of  
Old California, starring Johnny  
Mack Brown, and featuring Evalyn  
Knapp, Zasu Pitts, Raymond Hat-  
ton and J. Farrell MacDonald, opens  
at the King's Theatre on  
Thursday next.

The story is set in the period  
immediately following California's  
annexation to the United States,  
but before the territorial govern-  
ment has been set up. Under com-  
mand of an unimaginative officer,  
the United States cavalry enforces  
martial law.

Brown has the role of a Spanish-  
American who shows his resent-  
ment against the military rule by  
organizing a band of guerrillas to  
right the wrongs committed by the  
soldiers. Like some 18th century  
Robin Hood, he steals back from  
the cavalry the money they have  
taken from the natives, and then  
restores it to the former owners.

Into the picture comes Miss  
Knapp, daughter of a general,  
who shows his resentment  
against the military rule by  
organizing a band of guerrillas to  
right the wrongs committed by the  
soldiers. Like some 18th century  
Robin Hood, he steals back from  
the cavalry the money they have  
taken from the natives, and then  
restores it to the former owners.

The picture is filled with stirring  
and breathless incidents. Battles  
between the guerrillas and the  
military, escapes from a convict  
ship, midnight rides through pre-  
cipitous canyons, and many other  
such sequences contribute to the  
suspense.

"TRANSGRESSION" AT  
QUEEN'S THEATRE

TRIO OF FAVOURITE PLAYERS

A trade notice states:—  
Beautiful Kay Francis, whose  
rise to screen stardom has been  
described as rapid, Ricardo  
Sorgat, and "Grison," and "Beau  
Ideal," has handled the production  
with notable success, according to  
advance information. Brenon con-  
siders it one of his major triumphs.

An unusually competent support-  
ing cast includes such favorites as  
Nance O'Neill, Ruth Weston, John  
St. Polis, and Adrienne D'Ambri-  
court.

The powerful drama "Transgres-  
sion" will be the next change at  
the Queen's Theatre.

#### "LADY AND GENT" AT THE KING'S

TALE OF UNDERWORLDERS  
WHO MADE GOOD

"Lady and Gent," showing at  
the King's Theatre is a good film  
in a straightforward and unpre-  
tentious manner. The opening  
shows the underworld of New York  
prize-fighting and cabarets, the  
chief characters being a second rate  
bruiser and a shrewish little  
cabaret girl who lives with him.

The story is set in the period  
immediately following California's  
annexation to the United States,  
but before the territorial govern-  
ment has been set up. Under com-  
mand of an unimaginative officer,

### "VIENNESE NIGHTS" FINE MUSICAL ROMANCE AT QUEEN'S

"Viennese Nights," the first  
romance written directly for the  
screen by Sigmund Romberg and  
Oscar Hammerstein II., was en-  
thusiastically received by a large  
audience at the Queen's Theatre  
yesterday afternoon.

The story is that of Elsa, a  
cobbler's daughter, whose life is  
entirely changed by her father  
forcing her to marry a wealthy  
officer.

Vivienne Segal (Elsa) plays her  
part with great charm, her voice  
being delightful to listen to. She  
is ably supported by Alexander  
Gray (Otto) and Walter Pidgeon  
(Franz). This picture, which is in  
natural colours, is certainly one of  
the best shown in Hong Kong in  
many months and should not be  
missed. The symphony, inspired  
by Elsa, being exceptionally well  
rendered, and is a treat to music  
lovers.

### WUCHOW NEWS LETTER

BIG BLAZE OF WOODEN  
HOUSES

(From Our Own Correspondent)

Wuchow, Nov. 19.  
Thirty-two wooden houses near  
the Stout Memorial Hospital were  
burnt down last week. The fire was  
caused by workmen who had been  
doing some cooking and were too  
lazy to put out the fire when they  
had finished. A large number of  
people were rendered homeless and  
had to be housed in public build-  
ings.

The damage was estimated at  
\$10,000.

The Head of Wai Fat Kwan.  
The head of the notorious brigand  
Wai Fat Kwan is being exhibited  
in a glass jar of spirits of wine.

A large number of people have been  
going along to the parade ground  
to see the grim relic of the "Red"  
chief who is credited with the de-  
struction of 10,000 persons before he  
met with his own end. In a few  
days the head will be buried in  
North Hill and over the place a  
stone table will record his misdeeds.

Red Lights on the River.  
It was in 1929 that the flotilla of  
boats that formed Wuchow's "red  
light" district was burned. Since  
then the trade has languished.  
Now an enterprising business man  
has obtained, it is rumoured, per-  
mission to build and equip a new  
flotilla on the old lines, but with  
all modern improvements. Propri-  
etors on the banks of the Fu  
River, where these craft may be  
moored are already protesting.

Drought and Plague of Worms.  
Prospects for the rice-crop are  
poor, particularly in the Yung  
Yuen; Pae Lau and Wat Lam dis-  
tricts. There has been drought  
and a species of worm is causing  
havoc. The pest is being so some-  
times counter-acted by putting  
kerosene on the water in the paddy  
fields. Possibly the remedy will be  
worse than the disease.

BO'SUN LOST AT SEA  
LOCAL POLICE INQUIRES  
INTO TRAGEDY.

The No. 1 boatwain of the Em-  
press of Russia disappeared from  
the liner whilst on a voyage from  
Shanghai to Hong Kong and it is  
believed that he jumped overboard.  
Three men were detained by the  
Water Police when the Empress boat  
arrived in Harbour on Saturday.

The disappearance of the boat-  
wain is alleged to be connected with  
an incident in Nagasaki when three  
Japanese coal coolies were killed  
when a life boat fell from the deck  
of the C.P.S. liner. As a result of  
the accident three members of the  
Chinese crew were detained by the  
Nagasaki Police, but according to  
a message received by the local  
C.P.S. office, the men had been re-  
leased.

A report of the disappearance of  
the boatwain was made by Cap-  
tain A. G. Hooker. The man was  
discovered to be missing at 7.30  
p.m. on November 23.

## SWATOW NOTES

ANOTHER BIG FIRE

HUNDREDS OF MATSHEDS  
BURNT

(From Our Own Correspondent.)

SWATOW, Nov. 21.  
What proved to be one of the  
worst fires during these last few  
years, broke out here on Friday  
last when nearly five hundred small  
huts and matsheds situated half  
way between the town and Kialat  
near the sea-front were burnt down,  
accompanied by the loss of two  
lives.

Stretching over a wide area these  
dwellings were tenanted by ricksha  
coolies and others of the labouring  
classes with an average of five  
members to a family, besides pigs  
and chickens.

The outbreak occurred shortly  
after midnight in one of the huts  
at the furthest east end, and was  
caused by a man overturning a  
small lamp after he had fallen  
asleep when smoking opium.

All the fire appliances in town  
arrived in good time, but a short-  
age of water precluded better  
work being done. The fire soon  
spread from hut to hut, and it took  
the firemen more than an hour  
before they could subdue the  
flames. Fortunately a south wind  
was blowing at the time and, had  
it changed the results would have  
been much more serious owing to  
another batch of huts being on the  
east side of the houses in Commer-  
cial Street. At one time the Salt  
Cable office were threatened.

Many of the adjacent huts were  
also burnt out from the sparks  
blowing in all directions. As the  
fire seemed to be getting thicker  
and thicker each moment all the  
pigs and chickens were let out from  
their quarters. What with their  
squealing and the cries of the  
fear-stricken women and children  
the scene was very gruesome and  
horrible. About a thousand people  
were watching the fire from every  
angle.

The officials of the Charitable  
Guilds and staffs were energetic in  
their work of relief. Wherever  
possible shacks and tents were put  
by the roadside and gunny bags  
and other comforts supplied. Kit-  
son lamps were provided, besides  
a free kitchen for all and sundry.  
Up till now relief is being adminis-  
tered and subscriptions are being  
solicited for the purpose of re-  
settling these poor people.

## RUGBY FOOTBALL

### BORDERERS BEAT THE CLUB

At Happy Valley on Saturday the South Wales Borderers won a hard-fought Rugby match against the Club by a goal and a try (8 points) to a try (3 points).

During the first half there was no scoring. Defensive work on both sides was extremely steady, though Hamilton nearly got through for the soldiers.

Shortly after the interval Walters, for the Borderers picked up in the loose near the Club line, and scored an excellent try. Lloyd converted—a really fine kick. Walters was again prominent, but a fine dribble ended in the ball going into touch. The Club's try was scored by Hamilton who broke through after taking a bad pass from Jenkin at full speed.

The Borderers' second try came from a rush of forwards who swooped down on Jenkin, who made the mistake of waiting for the bounce instead of catching the ball. Hamilton actually scored, but the kick failed.

Forbes and Rigg did well for the Club at three quarter, but G. P. Lammert was too well marked to do much and Jenkin was badly out of form.

With a slightly heavier pack, the Club forwards saw more of the ball in the tight scrums, while Hamilton in the line-out secured the ball for the Club on most occasions. Millar and McElroy were the two most useful men in the pack.

The forwards worked well together, but they were outclassed by the Borderers, and Macintosh was hard pressed to get the ball back to his three-quarters, often being smothered before he had a chance to pass.

The Borderers three-quarter line saw even less of the play than the Club line, their forwards dominating the game throughout.

Hoskins and Stevens did well, the latter being at his best. Crowe-Read, played one of his best games this season. Suter was also prominent throughout.

## CRICKET

### SUNDAY'S FIRST DIV. LEAGUE MATCH

#### EXCITING GAME AT KING'S PARK

The Navy were at home to the Army yesterday at King's Park and, as it was a League fixture, the game did not begin until two o'clock. The Army took first knock and started shakily as at nine, a ball from Thompson got up high and hit Garthwaite on his glove. It went past Carver but Holland at slip just got his hands under it to make a good catch. At thirteen Trout was palpably caught at the wicket. Things then improved. While Musson batted steadily A. C. Hamilton first and Mirehouse later put together brisk innings of over twenty apiece. And a hundred and ten, was actually on the board for four wickets, though the fourth wicket had fallen at eighty-six. But this was rather the end of things.

#### A Bot.

Dewey was then bowled and orders were given to hit, but the result was that Musson was caught off a skier for a patient forty-three (though he should have been caught earlier on)—and Anstruther well taken in the deep by Donald off a very big pulled drive (115-72). Wilkinson and Cragg stopped the rot a bit, but when the former was l.b.w. after they had added about twenty, it was the end. Young was bowled first ball and Powell stumped.

#### The Navy Bowling.

The Navy bowling was pretty good. Thompson had the best figures and bowled very well, but Holland was useful too. Eaden and Marsham came along with their usual couple of wickets apiece. The fielding was fair though the side is apt to have patches when several catches get put down one after the other. Shaw went to mid-off and tried Marine Kinchin behind the stumps where he kept very well indeed.

#### The Navy Start Well.

The Navy had if anything a shade under an hour and a half to get a hundred and thirty-eight, and their first pair Marsham and Pay-Mid. Farnhill gave them an excellent start. Runs came slowly at first, and Mirehouse was keeping the batmen on the defence very largely, but Garthwaite did not appear very dangerous and bowled too much to leg. In fact it seemed he was kept on far too long and this might have lost the Army the game. At thirty or so Marsham might have been caught at cover off a low one, but after he had hit a couple of fours to celebrate his escape the bowler, Mirehouse, got his own back as a ball kicked up badly on the batsman's body and a simple catch went to second slip. (45-1-19).

#### Going for the Run.

Shaw succeeded and was a bit worried by the fact that the Navy were a little behind the clock. He was hardly dropped at first slip and the error might (and ought to) have cost the Army the game. Dewey went on, but it was Mirehouse who saved the situation by dropping a straight Yorker more or less on Shaw's toe 71-2-15. About here it was fifty-fifty but things started to go very wrong with the Navy. After a couple of singles Eaden just lifted his heel and was brilliantly stumped by Young off Mirehouse.

#### A Series of Catastrophes.

Next over Farnhill seemed upset by the fall of these wickets and lashed out at Dewey, giving Musson an easy catch at mid-off. He had played an excellent knock, but would do better to play his natural cricket, I fancy; than to attempt big drives in the Shavian manner. 74-30. Laing and Kinchin then hung on for a bit and scored largely by singles. Anstruther was tried instead of Dewey and Laing late but he perfectly for four, but two balls later tried a big drive and gave a simple chance to cover. (83-5-14). In the same bowlers next over Kinchin was caught at mid-off just as Farnhill had been; but this time Musson had to go back a lot for a very high hit ball, and he did well to take the catch. (90-6-11).

#### The End in Sight.

After this the Navy never much looked like saving the game, but it must be remembered, they would never have been in any real danger of losing if they had not thrown caution to the winds and tried to win. Carver was caught at the wicket at a hundred and one and two balls later Donald hit a full toss from Mirehouse very low and hard and Hamilton brought off a very pretty catch at Cover 101-6-0. Two runs later Armytage tried to get Mirehouse away to leg and Anstruther brought off a neat catch having turned with his back to the stumps and chased the ball. All cricketers know how amazingly difficult it is to hold a catch when one has turned right round and is

## RADIO WIN AGAIN

## FAST GAME AT CAROLINE HILL

The Radio Sports Club met the Kowloon Indians in the M.H.T. yesterday at Caroline Hill at 4.15 p.m.

Both sides had an equal share of the game and the spectators were entertained to a very fast and hard hitting game from both sides. The Radio's forward line was superior to that of their opponents but their usual combination was completely shattered by the K.I.T.C. full backs, Kamail Singh and Naidu who both played a fine game throughout. Time and again Kamail Singh and Naidu frustrated the attacks of the Radio forwards, and indeed outplayed them. The only goal scored during the first half was by Hanib, who from inside the circle pushed the ball into the net. The second goal was scored in the second half by G. Singh through a penalty bully in the circle against the goal-keeper.

Score: 2 all in favour of Radio.

## RECREIO HONG KONG LADIES

A very interesting game was played on Saturday afternoon when the Club de Recreio gained a victory of 2 goals to 1 over the Hong Kong Ladies Hockey Club. In the first half of the game all three goals were shot. For a long time scores were even the Club de Recreio gained their second goal shortly before the interval, the goal for the Hong Kong Ladies was shot by Miss Daziel. In the second half both teams put up a great struggle but no more goals were shot. Miss J. Harris-Walker played a very fine game in goals, for the Hong Kong Ladies.

## "Y" LADIES BEATEN BY H.M.S. KENT

The "Y" Ladies were defeated, on Saturday by H.M.S. Kent at King's Park by 4 goals to 1. The ladies were three short but were helped out by E. F. Selk, of the Y.M.C.A. eleven, and a member of the Kent team. The sailors led at the interval by 3 goals to 1, B. Walker being responsible for the ladies' point.

## Y.M.C.A. WIN 6-5

Eleven goals were scored in a scrappy game at King's Park in which the Y.M.C.A. "A" eleven defeated Royal Air Force by 6 goals to 5.

At the interval the Y led by the odd goal in seven. W. J. Brown brought his season's total to 32, claiming three of the Y's six goals, the other three being shared by G. Fowler (2) and R. Baldwin.

## THE MAMAK SHIELD

The Police suffered their first defeat, when they lost to the Royal Corps of Signals by four clear goals on the Marina ground in the Mamak Shield on Saturday.

The score at half-time was only one-nil, Whiteway-Wilkinson scoring, but after the interval Whiteway-Wilkinson added two further goals and Jones brought the total to four.

## RADIO WIN

In a match played at Caroline Hill on Saturday the Radio Sports Club defeated the 12th Battery R.A. by 4 goals to 2. The score at

## POLITICS!

Our morning contemporary takes us to task for pointing out that the setting up of any form of franchise and the consequent introduction of electoral politics would be detrimental to this Colony. The plea for such an innovation, "on a moderate scale," resembles that of the unfortunate servant girl who told her indignant mistress, "it is only a little one." But a franchise, like the consequences of another form of indiscretion, grows with remarkable rapidity, and soon gets out of hand. Our contemporary, further, does not agree that the creating of electoral privileges in India has been a cause of much of the present trouble. That extreme-able summary of the Indian position, "the Simon Report," though always polite, is perfectly clear in its implication. For many years the British raj has set itself to modify and eventually abolish certain evils and anomalies of Indian life, such as purdah, caste distinctions and child marriage. The attitude of Congress has been hostile to British social policy, and it is clear that political power is in danger of passing into the hands of privileged classes, who intend to use the franchise to preserve and strengthen their own interests, even if that entails retention of abuses.

Election-by franchise, whether that franchise be wide or restricted, offers an opportunity to two types of undesirable representatives, the delegates of camouflaged interests, and the professional politician. The latter of course flourishes where ignorant masses of people have been given the vote. Where there is a small, homogeneous and well-educated community the franchise achieves good results, but in Hong Kong, as our contemporary admits, a "carefully ordered electoral qualification" would be the most that could be granted under present conditions.

Those just outside the qualification would clamour to get in, and those inside would be as jealous and obstructive of possible newcomers, as the voters of a British pocket borough in the eighteenth century. Hong Kong is overcrowded; it has many difficult problems, financial, diplomatic and administrative. It is dependent upon right government for its existence. A wrong decision may empty reservoirs, allow an epidemic to spread, send business flying elsewhere or cause a misunderstanding with Canton.

Government by elected representatives is government by amateurs. That is all very well in communities that live easily, and where mistakes do not matter. Governing Hong Kong is like piloting a ship through rocky channels. Centralised control, vested with drastic powers, is essential, and anything weakening that control would be as disastrous as attaching civilian assessors to the staff of a general. This happened to the great Duke of Marlborough, and nearly lost him his army.

No system of government is perfect and the appointee system has certainly many disadvantages, but at least there is no concealing of the interests which a man represents. In America, and to a lesser extent in Britain, no one knows who is really manipulating the man whom a number of honest voters have returned to represent their area.

Democracy does not begin and end with the ballot box. More important than quinquennial elections are trial by jury, independent judges, habeas corpus, and freedom of the Press. There is not much chance of tyranny in Hong Kong, and if all local safeguards fail the Colonial Office and the Judicial Committee of the Privy Council keep a strict eye on our actions.

The problem of Hong Kong is neither political oppression nor administrative inefficiency, but poverty and sickness. The Medical and Sanitary Services and the accredited charitable organisations are grappling with those problems, and a partly-elected Council would not help in the least. One can very well imagine interests hostile to the spending of public money and the increased stringency of housing regulations getting a strong say under any system of franchise.

The Government and the charitable societies are likely to be far better off under present conditions.

Sir,—Will you kindly allow me, through the columns of your paper, to warn the two Europeans who called at a house in Bonham Road about 10.30 last night (Friday)—having been brought to the door by a Chinese—and who, finding the tenant out, helped themselves to drink and stole a small clock, that their descriptions have been supplied to the Police Department.

Conduct of this nature does not help to maintain the prestige of Europeans in the Far East.—Yours, etc.,

## ANNUAL CHURCH PARADE

## SCOTTISH VOLUNTEERS ATTEND UNION CHURCH

Union Church, Kennedy Road, was filled to overflowing yesterday morning, when the annual Parade Service of the Scottish Company of the Hong Kong Volunteers was held. Members of the South Wales Borderers were also present, and representatives of the following ships and submarines, under the command of Shipwright Garman, were in attendance:—H.M.S. Suffolk, Medway, Hermes, Wishart, Osiris, Oswald, Otus, Odin, Orpheus, Protosus, Phoenix, Parthenon, Proteus, Wild Swan, Devonshire and Kent.

The well represented Scottish Company, under the command of Capt. H. R. Forsyth, was preceded to the church by pipers and drummers under the leadership of Pipe Major Mackie.

Present at the service were: H.E. Sir William Peel and Lady Peel, Major-General G. W. Sandilands and many prominent members of the St. Andrew's Society.

The service was conducted by the Rev. E. G. Powell, who, preached on the subject, "Religion here and abroad, and religion in a changing world." This community and whole modern world, said the preacher, needs supremely the quality of character and life for which Christ stands, and we have all been sent to this strange land to reveal and foster that quality of character and life. Whatever else we may achieve, if we fail in that we fail in our life's chief purpose.

During the course of the service appropriate hymns and anthems were rendered by the choir and the organist, Mr. G. E. Longyear.

Friends to the distressed circles—nor that the former is endowed with burning zeal, but the Health Department at least know the situation and keep it before both public and Government.

The idea of Hong Kong electing a member of the House of Commons has a superficial attraction, but is outside the pale of practical politics. If Hong Kong, why not Malta, a voiceless little island, and all the rest of the Crown Colonies? That would mean a block of Colonial representatives, having a voice in purely British affairs, and selling their votes on such matters in return for concessions. An Imperial Senate is a possibility but no real need for it has arisen. If weak it would become an object of ridicule, and if strong it would soon be telling us all how to run our affairs. In point of fact it is always possible for any section of the community, of a Crown Colony to get a question asked in the House of Commons if anything is really wrong.

The fault that is to be found with our local Legislature is that the meetings are seldom more than formalities and the members are far too silent. If the personnel be increased the debates will follow. Useful men on such bodies are not always talkers, but a few with a certain readiness of speech might add to local gaiety. It takes all sorts to make a good council, and one is reminded of an old caricature of Teniel's, in the pages of Punch, of Disraeli's newly selected ministry, under which was quoted the words of OMAR:—

"Among that eastern lot,  
Some could articulate and others not."

Perth, W. Aust.—It is reported that as a result of the Nanking Chinese Conference, Australia may receive an order for 400,000 bales of wool at an early date. ## Tiring.

(Commenting on the inadequate accommodation provided by the House of Commons, a writer states: "There are 615 members of Parliament, but only 450 places for them to sit.")

When once again the eager legislator hurries to Westminster to do his bit, He may unearth one of Life's little worries—  
He has no place to sit!

## Y. and O.

Paris.—Y and O, two French villages located, respectively, in the departments of Somme and Orne, claim the world's record for towns with the shortest names. O has a chateau some 300 years old which is much visited by tourists. It is not expected that the two villages will unite in claiming the joint origin of the Yo-Yo, although the Parisian press has vigorously supported the theory that the toy originated in France several centuries ago.

## Room In Zionism!

In marked contrast to many parts of the world, Palestine is now enjoying remarkable economic stability, and the Government, recognizing unmistakable signs of continued resilience, authorized Oct. 12, 45,000 immigration certificates for the half-year ending next March.

This quota, the biggest for some years, is additional to permits granted to other classes of Jewish immigrants, such as investors, settlers with means, and persons choosing the Holy Land for purely devotional reasons. Treasury receipts for the last five months show a comfortable surplus of £167,000, over expenditure.

## France's Tribute to England.

Paris.—Britain is generally to the fore in the French Press just now. The Paris public have become so interested in Britain's struggle to keep her head well above water in what everyone here calls "La Crise" (meaning the economic crisis) that special correspondents have been sent to England to write articles on how Britain are facing the music.

One of the most distinguished of these, M. Jules Sauerwein, pays Britain a high compliment in *Paris-Soir*. He says:

"During the past six months I have travelled through eighteen different countries. I found on the other side of the Atlantic a depression on the tragic. I saw in Germany a country verging on a state of mental unbalance."

"Among the nations most severely hit it was in England that I found the example of true courage, where the necessary sacrifices are made to an accompaniment of good humour."

M. Sauerwein was particularly impressed by the manner in which the British had not hesitated to sell a part of their possessions to pay their taxes, three months in advance.

He is the father of Orin D. Walker, attorney in Tientsin, and is survived by three other sons, and two daughters.

## Looking Back 25 Years.

How will the installation of the Marconi wireless system affect submarine telegraphy? The *Daily Telegraph* replying to its own question, says:—One answer alone can perhaps be made at this moment with certainty: it will increase the number of messages between the two hemispheres. There are now fifteen cables laid on the floor of the Atlantic, and they represent a capital of over \$20,000,000. They have been sending words up to fifty a minute (of five letters each, average) and by Messrs. Muirhead's system they can work "duplex"—that is to say send messages in both directions at the same moment. We do not believe that they are nearly work to their full capacity. If rates are lower, the demands would be greater—greater to an extent none of us have realised. The continents are now not so many thousand miles, but so many seconds, apart.—*Hong Kong Daily Press*, November 28, 1907.

## Looking Back 50 Years.

The movement for starting a new Volunteer Corps in this Colony is being pushed vigorously forward, and the thing seems promisingly full of life and vigour. From reasons which were well explained by Mr. Francis, and which will be found reported below, the old Corps became practically defunct, and it was decided to put an end to its existence and start an entirely new one. Names have been coming in very well for recruits, and yesterday afternoon a public meeting was held at the City Hall of those interested in this revival of the military spirit in the Colony. From 100 to 150 persons, chiefly young men, were present at the meeting, throughout which much unanimity of feeling and interest was shown.—*Hong Kong Daily Press*, November 28, 1882.

## Looking Back 75 Years.

The Sea Serpent reports that she left only four ships lying at Bangkok, one of which was the *Falke* Allum; names of the others not known, but none were American. On the passage down the Gulf sighted a great number of ships, from 12 to 15. The new rice was coming to market in quantity. Many cargoes were stored waiting for overdue ships. The price of cargo rice has fallen from 38 pence to 24 pence.—*Hong Kong Daily Press*, November 28, 1887.

### FULL TEXT OF AMERICA'S REPLY TO BRITISH NOTE

THE BRITISH REPLY TO THE AMERICAN NOTE, WHICH STATED THAT THE UNITED STATES EXECUTIVE HAD NO AUTHORITY TO GRANT A SUSPENSION OF THE DECEMBER FIFTEENTH WAR DEBT PAYMENT AND THAT NO FACTS HAD BEEN ADDUCED WHICH COULD BE PRESENTED TO THE UNITED STATES CONGRESS FOR FAVOURABLE CONSIDERATION, IS ENGAGING CLOSE ATTENTION. IT WILL BE THE SUBJECT OF MINISTERIAL CONSULTATIONS DURING THE WEEK-END AND EARLY NEXT WEEK, PROBABLY MONDAY. A MEETING OF THE CABINET WILL BE HELD TO CONSIDER THE FINAL DRAFT.

Lausanne Achievement.

Confidence and credit cannot be restored until an end has been put to these attempts to force the stream of capital to run up hill. It was in this spirit that we went to the Lausanne Conference and, therefore, the first time we got general agreement among European Governments that this vast inter-governmental debt, which was strangling the prosperity of the peoples, must be cleared up. That was the great achievement of the Lausanne Conference. So far as Europe was concerned we were in agreement, but our agreement had to be concluded by similar action on the part of the United States. We, therefore, approached the United States and asked them to join in studying the whole question, and, while working out an agreement which would meet the requirements of the whole world, we suggested that the payment due next month should be held in suspense. We asked for no reduction, we asked for nothing but that the legal date of payment might be postponed while we had an opportunity of exchanging views on the general situation. We believe that such a suspension would be good business from the standpoint of every nation, American included.

Best informed newspapers recognise that the negotiations with America, in so far as they affect next month's payments, are not concerned with Britain's ability to discharge them but with the advisability of America receiving them, and the *Times* City Editor emphasises that this is a question of much graver import, not only to this country but to world generally.

The *Manchester Guardian* assumes that this will be the background if not the substance of the new British Note. These debt payments it says are certain to be a bar to a return of world prosperity.

How the Present Crisis Arose.

The wide-spread suffering and loss of trade affecting the prosperity of the whole world which had resulted from the handling of the debts' problem in the last two years, were referred to in a speech on the war debts' crisis by the Prime Minister at Bedford, last night. He briefly recalled the record of British Governments since the great war in reference to debts.

During the war, he said, we shared with America the task of financing our allies, and the total loans we made amounted to almost exactly the same as the loans made by the United States. Tax payers had to bear a heavy charge for interest on them.

Immediately after the war the then Government pointed out that the burden of these debts threatened to cloud not only the financial but the political conditions of the world, and we offered years ago to enter into any equitable arrangement for the reduction or cancellation of inter-allied debts, provided such arrangement applied all round. This proposal was not adopted and we were called upon to fund our debts to America for the situation had to be regularized.

Debtors and Creditors.

The British Government is still determined to carry through its policy in so far as it could. They declared that in no event did they desire to make a profit out of reparations and war debts. That was contained in the famous Balfour Note, and we were prepared to ask no more from our debtors than was necessary to pay our creditors. Under this arrangement we have already written off 60 per cent. of the debts due to us, and, owing to the fact that we funded our debt to America some years before we funded the continental debt due to us, we have in fact paid up to date approximately £200,000,000 more to America than we have received from Europe. We have done it uncompromisingly. It is all in a day's work.

This was the situation two years ago. Then the crisis broke out which has very nearly wrecked some countries, and the whole system of international debt payments had broken down in these countries. Every nation, large and small, is suffering to-day on account of the way the war debts have been handled.

Debtors and Creditors.

The British Government is still determined to carry through its policy in so far as it could. They declared that in no event did they desire to make a profit out of reparations and war debts. That was contained in the famous Balfour Note, and we were prepared to ask no more from our debtors than was necessary to pay our creditors. Under this arrangement we have already written off 60 per cent. of the debts due to us, and, owing to the fact that we funded our debt to America some years before we funded the continental debt due to us, we have in fact paid up to date approximately £200,000,000 more to America than we have received from Europe. We have done it uncompromisingly. It is all in a day's work.

This was the situation two years ago. Then the crisis broke out which has very nearly wrecked some countries, and the whole system of international debt payments had broken down in these countries. Every nation, large and small, is suffering to-day on account of the way the war debts have been handled.

## APPREHENSION IN LONDON

FEAR BRITAIN CANNOT PAY U.S. DEBT

[THROUGH REUTERS' AGENCY.]

LONDON, Nov. 28. PRESIDENT HOOVER'S note has in no way allayed the apprehensiveness in London in respect to the war debt situation. The note cannot be said to invite detailed facts justifying a further suspension of debt payments by Great Britain to America, the next of which is due December 15. On the contrary, it indicates America's unwillingness to accept any case for the suspension.

Press opinions are divided as to whether any means for making the payment exist in the dislocated condition of the exchange machinery.

Similar notes to that sent to London have been delivered in Paris and in Brussels, in reply to the French and Belgian requests for a continued moratorium. Belgium, according to reports, has already expressed its inability to pay.

The French Cabinet met immediately the reply from Washington was received. The current budget already shows a deficit of 6,000,000,000 francs and any decision to pay America would involve the downfall of the Herriot regime.

## ARMAMENT AND DEBT PROPOSALS

CAUSING CONSTERNATION IN EUROPE

[THROUGH REUTERS' AGENCY.]

GENEVA, Nov. 28. WHILE Sir John Simon is hastening to London for the Cabinet session to consider the war debt crisis, Herr von Neurath, German representative at Geneva, is rushing to Berlin and M. Paul Boncour, French spokesman, to Paris to discuss disarmament problems.

In Paris, it will probably be decided whether or not Premier Herriot will go to Geneva next week to participate in the proposed Five Power Conversations, which Premier MacDonald is also likely to attend.

Japan, it is reliably learned, will have some fresh proposals to this Conference. Her suggestions, it is reported, will consist of a programme for the amalgamation of the Anglo-American plan, will include a large reduction of global warship tonnage, as well as the specific tonnage of battleships, the reduction of the size and armament of cruisers and the complete suppression of aircraft carriers.

Former Governor-General McNeill resigned his post following what he considered insulting conduct towards his office on the part of Free State Ministers. These refused to apologise and he made good his threat and resigned. Governor McNeill was not invited to the official reception of the Papal Legate in Dublin, recently.

It was rumoured at one time that Mr. de Valera himself contemplated taking the Governorship.

The Council of the League wished to put the Lytton Report before the Assembly, but until instructed by his Government, Mr. Matsukata, Japan's Chief delegate, would not agree to the proceeding.

The Council has been adjourned until next Tuesday, but will probably pass the Lytton Report on to the Assembly at once when it is reconvened. The Assembly must be summoned to a special session for the discussion.

## \$200 FINES FOR MUI TSAI OFFENCES

UNREGISTERED AND ILL TREATED.

[THROUGH REUTERS' AGENCY.]

YOUNG Kai Sheung, described as a merchant appeared before Mr. Schofield at the Central Police Court on Saturday on charges of keeping an unregistered *mui-tai* and of assault.

Inspector H. W. Fraser for the prosecution said that an anonymous report was received by the Secretariat for Chinese Affairs that a *mui-tai* was being ill-treated at 20, Connaught Road West, second floor.

Enquiries revealed that the girl had been presented to the defendant's mother-in-law by the girl's natural mother and in turn her mistress presented her to the defendant's wife as part of her dowry on her marriage to the accused. After a visit to Manila the couple returned to Hong Kong, where they have been living for some months.

The girl alleged that she had been beaten on the head, cheeks, left forearm and face with a ruler, broom handle and a slipper, whilst she also stated that the defendant had knocked her head against the wall and had also struck her on the cheeks with his fist because she misunderstood an order.

She was medically examined but although the doctor found marks substantiating the girl's statement, he said that they were so faint that he would not like to say the assault amounted to cruelty.

The defendant was fined \$100 on each charge.

## BIG ATTENDANCE AT KWANTI RACES

MISS FEARON WINS LADIES MILE WITH FESTIVAL EVE

PETER DAVEY WINS HALF MILE SCURRY TO PAY BIG DIVIDEND

DESPITE PREDICTIONS TO THE CONTRARY, IDEAL WEATHER CONDITIONS FAVOURED THE FANLING HUNT AND RACE CLUB YESTERDAY WHEN A LARGE CROWD ATTENDED THE NOVEMBER MEETING OF THE CLUB AT KWANTI.

THE LADIES MILE WENT TO MISS FEARON WHO WON EASILY WITH FESTIVAL EVE FINISHING SIX LENGTHS IN FRONT OF WEMBLAY STAG AND WAKEFIELD WHO TIED FOR SECOND PLACE.

MR. R. H. CHARLES' CUPID CREATED A SURPRISE IN THE FIFTH RACE WHEN HE WON COMFORTABLY FROM A FIELD OF SIX, AFTER BEING WELL BEATEN IN THE OPENING RACE OF THE DAY, AND THROWING MR. CHARLES IN THE BARGAIN.

MR. TUXFORD WAS THE ONLY JOCKEY WHO MANAGED TO WIN TWO RACES, OTHERWISE HONOURS WERE EVENLY DECIDED. THE HIGHEST DIVIDEND, AS GENERALLY ANTICIPATED, WAS PAID ON THE LAST RACE OF THE DAY, A SCURRY OVER HALF A MILE WHICH WENT TO PETER DAVEY, RIDDEN BY MR. W. A. MCKINLEY.

## MR. CARROLL WINS NOVICES' EVENT

The Novices' event over six furlongs went to Mr. R. A. Carroll, who rode Whoopee to victory finishing in front of Gallant Fox ridden by Mr. Noronha and Toby, ridden by Mr. W. H. Choy. Whoopee led from start to finish and appeared too good for the rest of the entries.

### Mouche Wins.

In the opening race of the day there were six starters and Mouche was made a slight favourite over Cupid. Mouche won the race comfortably after running behind Red Leaves during the first part of the race. Mountain Rat finished a good third. Cupid was a disappointment here as the pony refused a hurdle early on and ran very badly under Mr. Charles. He ultimately threw Mr. Charles in the straight. Jan Stever also behaved very badly and gave his jockey much trouble.

### Just Imagine.

Just Imagine was too good for the field in the Sha Tau Kok Steeplechase, over a mile and a quarter. Just Imagine proved to be too good for the field and although he did not jump as well as some of the others, he managed to win by five lengths at the end. Country Club did not get going very well in the earlier stages of the race but finished very strongly and took second place from Banjo. Jan.

### Ladies Race.

There were seven starters in the Ladies' Race and the public made Festival Eve the favourite. The pony won from the word "go," leading the pony out in front early on. Miss Furon established such a long lead with her mount, that when the field turned into the straight she was many lengths ahead. The pony dropped into a canter and ultimately won by six lengths.

Meanwhile a very interesting tussle took place between Wembla Stag, ridden by Miss Shenton and Wakefield ridden by Mrs. Frost. The two ponies ultimately dead heated for second place. The Plover ridden by Miss Scott Harston was unequal to the fast pace and was unplaced.

### Cupid Wins.

Cupid redeemed himself in the fifth race by winning by three lengths from Cloudy Eve in a slow race. The winner hung behind Cloudy Eve and Colerity for most of the way and it was not until after the half mile post was passed that he forged ahead and in a close tussle with Cloudy Eve up the straight, shook the latter off in the last hundred yards to win by three lengths. Colerity was third.

### Kwanti Steeplechase.

This race over a mile and a half drew five starters and only one pony ran honestly from beginning to end. He was the ultimate winner, Duke of Milan, who won by many lengths. Rocalan was in front for most of the journey, but the pony fumbled in the home straight and had to be content with second place. Amos, a well favoured candidate, threw Mr. Ferguson half a mile from home and was remounted and ridden home for third place. Mr. Charles on Loch Ryan was thrown and did not finish the race, while Fanling Stag finished the distance at a walking pace.

### The Scurry.

There were eleven starters in the last race over half a mile, and it shall be a firm favourite. The pony failed to get a good start, but was nevertheless sent to the van early on. He looked every inch a winner, turning into the straight, but Peter Davey put up a strong finish and just "pipped" the favourite on the post. Boston was third.

## YACHTING

### ST. GEORGE'S v. ST. ANDREW'S

ENGLAND WINS!

A fresh breeze and straight forward conditions for the morning race yesterday allowed all boats to finish within measurable distance of each other and in good time for tiffin at the Club House together with the Lawn Bowls teams.

In the morning race Mr. Hyde sailing for St. George's was leading boat in Speedwell when his main sail tore across. He then had to give up the race which made the prospects of a win for St. George's team look none too bright. However Mr. Grievie sailing Boojum for St. Andrew's when rounding Lymun Beacon closely got an extra puff which closed his boat until the gaff just scraped the top mark of the Beacon. This fouling of the mark of course disqualified his boat thus making matters even between the sides.

### The Afternoon Race.

In contrast to the brisk morning race, conditions in the afternoon were very different with a light wind and strong flood tide which caused the competitors to be strung out at ever lengthening intervals. The finish in consequence was rather late, the last boat not getting in till after sunset.

In the afternoon race Mr. Jack sailing Diana for St. Andrew's had the bad luck to touch the mark boat flags when rounding off the Yacht Club. This entailed disqualification and the loss of several points.

Later at the presentation ceremony at the Yacht Club the members of the winning sailing and lawn bowls teams (St. George's) each received a silver spoon from the hands of Mrs. Greig, wife of the Chairman of St. Andrew's Society, while the Chairman (Mr. Greig) handed over a St. Andrew's flag to the President of St. George's Society (Major Dowling) in consequence of St. George's victory in the sailing match.

## INTERPORT FOOTBALL

### HONG KONG BEAT SHANGHAI

LOCAL TEAM'S FIRST WIN IN THE NORTH

[THROUGH REUTER'S AGENCY.]

SHANGHAI, Nov. 28. Interport soccer was on Shanghai soil when the Colony team yesterday defeated the representative Shanghai team by 4 goals to 3.

A crowd of 15,000 spectators were present in fine weather when the game commenced under ideal conditions. Hong Kong fully deserved their success as they completely outplayed Shanghai, especially in the second half when the Colony forwards missed numerous golden opportunities.

The Shanghai team proved disappointing. Carrying no fewer than three passengers, they faded out miserably after the interval, and were lucky to lose by only the odd goal.

### Staunch Defenders.

Mullane and Strange proved staunch defenders and kicked strongly, but Pardoe, the visitor's vice-captain, was the outstanding player in defence. In the forward line Chong Shiu Hong scored two excellent goals, while Howe ably led his line and scored the winning goal with a brilliant header.

After ten minutes' play Hong Kong opened the scoring when Cheng dashed in from the right to get his head to a beautiful corner kick from Baldry. Gash, the Shanghai captain, equalised soon after when Pardoe had the misfortune to handle within the penalty area.

### Short-Lived Success.

Shortly after Gash's equalising effort Bolton, in the twenty-fifth minute of the game, backheaded a pass from Gash, and, with Rodger unaided, the ball entered the net to give Shanghai the lead. The Northern team's success was short-lived, however, for Cheng met a centre from Baldry with tremendous force to leave Chow standing helpless with a grand equalising shot.

Five minutes before the interval Darky Chen, the Shanghai left winger, gained possession when unmarked and easily beat Rodger to give Shanghai the lead by 3 goals to 2.

Hong Kong Combine Excellently.

There was only one team in the picture on the resumption. Hong Kong, combining excellently, ran rings round the Shanghai defence, but the shooting of the visiting forwards was very weak.

Carrying all before them from the kick off in the second half, the Hong Kong forwards swept down the field and scored the equalising goal when Wong Mei Shun put the final touches to an excellent movement. Only a very short while elapsed before Hong Kong gained the lead. From a perfect cross kick from Baldry on the left Howe got his head to the ball to score a spectacular and brilliant goal.

From now on it was a story of missed chances by the Hong Kong forwards, the Shanghai players being too occupied defending their own goal to be really dangerous.

### Result:

Hong Kong ..... 4  
Shanghai ..... 3

### Teams.

Hong Kong:—Rodger (Captain), Mullane, Strange, Bliss, Pardoe, Duncan, Cheng Shiu Hong, Wong Mei Shun, Howe, Suen Kam Shun, and Baldry.

## FAR EAST RIFLE INTERPORT

HONG KONG LOSE TO SHAI AND SINGAPORE

BUT SOME GOOD SHOOTING RECORDED

The Hong Kong Rifle Club shot off their Interport match, against Shanghai and Singapore, yesterday afternoon. They made the respectable score of 660, but as Shanghai totalled 929, and Singapore 933, they occupy the "wooden spoon" position.

The Club Secretary told our representative, however, "We are quite satisfied with the results. Though the League is an old institution the Rifle Club is not, and some of our team have had very little experience with aperture sights. We put up a good show, and next year —!"

### Rules.

The principal rules of this interesting competition, whose full name is the Far East Interport Rifle Match, state that: "Each port shall shoot on its own, or any recognized range in the neighbourhood."

"The team shall consist of twelve persons, but only the ten best scores shall count, and shall be composed of bona fide residents of the port. Six months' continuous residence shall be the minimum qualification. Members of any Navy or the Station and members of the Garrison shall be eligible to shoot in any team irrespective of the Residence Clause."

AS IT IS THE CHAMPIONSHIP IS STILL VERY OPEN.

IN THE ONLY FIRST DIVISION GAME PLAYED, THE NAVY PROVED TOO GOOD FOR THE CLUB DE RECREIO AND EMERGED WINNERS BY FIVE CLEAR GOALS.

### FIRST DIVISION

#### NAVY v. RECREIO.

The Navy proved too good for the Club de Recreio in the only first division match decided. The game was played before a fairly good at-

tendance on the Railway ground and resulted in an easy victory for the Navy, most of the play being confined to the Recreio side of the ground.

The sailors could have scored many more than five goals had their forwards made use of their opportunities, but they failed badly in front of the goal on several occasions and allowed Ogley, who was playing in goal for the Recreio to bring off some very spectacular saves.

Perkins opened the scoring for the Navy and Davies added two more before the interval. There was a very exciting bit of play just before the interval and a penalty for fouling was awarded against the Recreio. The spot kick was taken by Davies and Ogley brought off a save, but Ogley moved before the whistle and the spot kick was taken again but this time also, Davies shot straight at Ogley who stopped the shot, amid much cheering.

BEEN FOUND.DR. P. J. YONKEHAM, DISCOVERER OF THE  
NEW REMEDY FOR CONSUMPTION.

Marvellous as it may seem after centuries of failure, a remedy has been discovered that has cured the deadly consumption even in the advanced stages of the disease. No one will longer doubt that consumption can be cured after reading the proof of hundreds of cases cured by this wonderful discovery—some after change of climate and all other remedies tried had failed, and the cases had been pronounced hopeless of cure. This new remedy has also proved itself effective and speedy in curing Catarrh, Bronchitis, Asthma and other serious throat and lung troubles. In order that all in need of this wonderful product of Science may learn of its efficacy for themselves, a Company has been formed to distribute it to the World, and full particulars can be obtained by writing the Dr. P. J. YONKEHAM Co., Ltd. (Dept. C. 351), 118/120, Fleet St., London, E.C.4, and mentioning this paper.

## THE FANLING HUNT

ARRANGEMENTS FOR THE  
SEASON

The opening meet of the Fanling Hunt will be held at the Hunters' Arms at 3.15 p.m. on Sunday, December 4. Subsequent to this hounds will meet on Wednesdays and Saturdays at 3.15 p.m. except when it clashes with a Kwanti Race Meeting.

Hounds will not meet on December 23, but on December 29 when a "Cup" will be taken for the Kennel Staff.

A list of the meets will be published in the papers and circulated to members.

**The Pack.**  
The hot weather has, as usual, claimed its victims, the most serious loss being Harebell who was well to the fore in every hunt last season. The arrival of a draft of four couples from the Sparkford Vale Harriers and the R.A. Harriers has brought the pack "up to strength" and an excellent season is expected.

The master remains in charge and Captain Mould is expected to be back in the Colony in time for the opening meet. Mr. Schreiber returns after a season's absence in England and Mr. Wall replaces Mr. Johnson. Mr. Prior will continue as 2nd whip and the Secretary will take over "Fox" whether the new Fox will be able to produce a similar uniform as that favoured by Roger remains to be seen.

**Subscriptions.**  
The minimum subscription is \$25 in addition to the Fanling Hunt and Race Club subscription and members hunting more than one pony are expected to pay that amount per pony.

Members are requested to forward their subscription as early as possible in the season to Messrs. Thomson & Co., Hong Kong. Subscriptions should be clearly marked Hounds Account.

CENTURY

[THROUGH REUTER'S AGENCY.]

SYDNEY, Nov. 26.

The famous Yorkshireman was undefeated at the close of play with 157 to his credit. His innings, which has now lasted five hours, was featured by masterly cutting and off-driving. He has hit nineteen boundaries.

In partnership with R. E. S. Wyatt, the vice-captain of the side, Sutcliffe participated in a first wicket partnership of 140. The Warwickshire captain continued 71 in 120 minutes in a bright innings after a slow start. He hit a five and eight boundaries.

The Nawab of Pataudi hit 61 in 96 minutes as the result of bright batting in the latter period of his innings. He hit half a dozen boundaries.

Full scores were as follow:—  
N.S.W.: 273 (D. G. Bradman 119, J. H. Fingleton 119 not out, S. McCabe 67, G. O. Allen 2 for 69, Tate 4 for 52)

MATERIALS

The "Imperial" is designed and made in England by people who understand English requirements. Foreign made typewriters, imported from countries using the metric system, lack such typically English signs as "1" The "Imperial" keyboard has six extra characters—just those symbols which the English typist has always needed but never possessed.

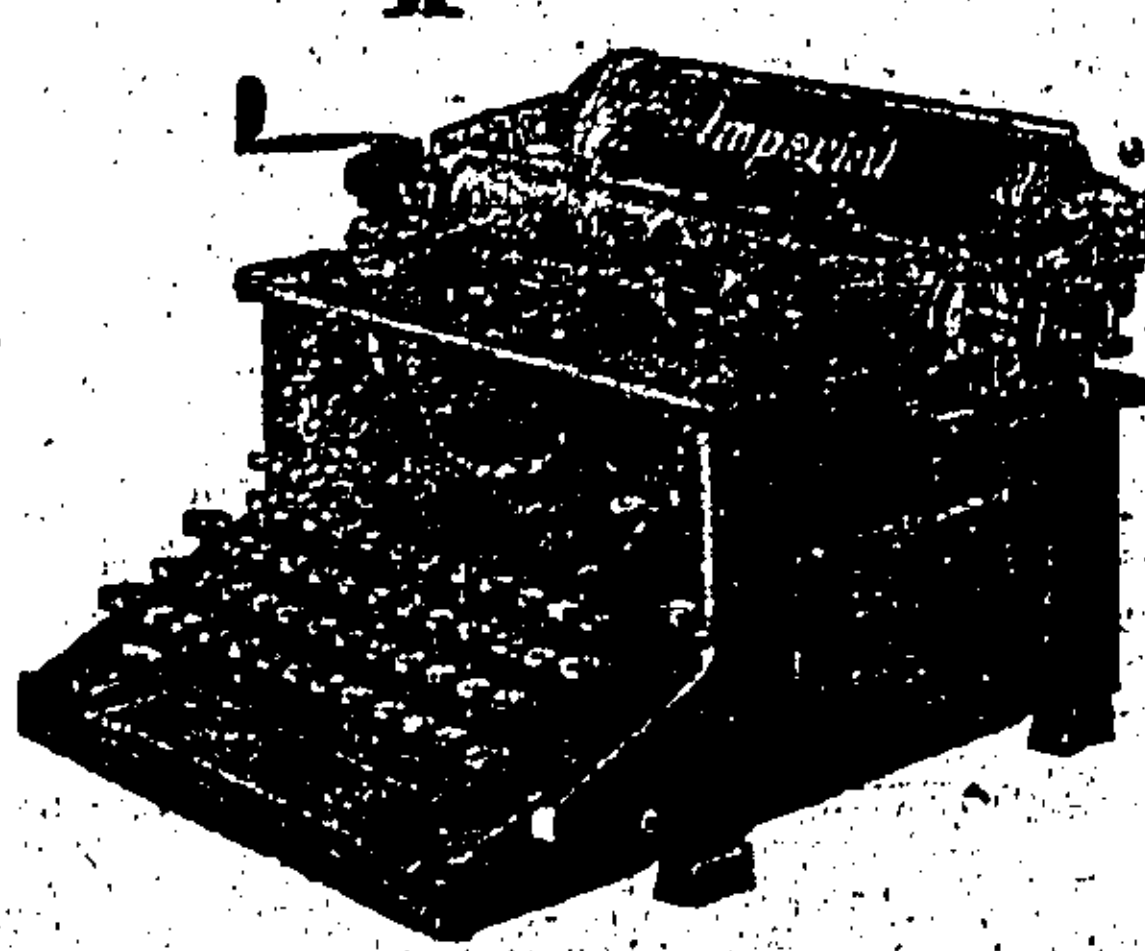

In construction, the "Imperial" is a "sound British engineering job"—with all that the phrase implies.

MODEL

POCKET

It is, of course, patriotic to "buy British" in any case.

But to purchase a British product that is not only CHEAPER but MORE EFFICIENT than the corresponding imported article, is to combine patriotism with economy.

Which is only another way of saying

ALL-ROUND EFFICIENCY.

FOR LEAGUE LEADERSHIP  
INTERESTING STRUGGLE

(Continued from Page 10.)

The goalkeeper Ogley was again the most outstanding player in the second half, and despite an insistent "Naval Raid" on the heroic goal he stopped shot after shot, and only let the ball through on two occasions. The final score of five to nil does not convey the Navy's superiority over the R.A.S.C., who, it must be stated, were playing without several of their regular players.

## SECOND DIVISION

## LINCOLNS v. NAVY.

This game proved to be very interesting and a fast pace was maintained throughout. Although the Lincoln's won by a single goal, the sailors were really unlucky in losing. In the first five minutes of the game, they were all in the Lincoln's territory and the Navy must have scored several goals had their forwards taken advantage of the excellent feeding by the forwards. The Lincoln's settled down after ten minutes and played a more defensive game, but the Navy was still too good for them and scored four goals in the interval when the Lincoln's were all ahead.

In the second half the sailors were hard put to it to maintain their lead, but managed to keep it until the end. However, the sailors had a wonderful chance of equalizing in the 75th minute. A penalty was awarded against the Lincoln's and the sailor who was entrusted with the great kick, failed to score. The final score of five to nil, which would have been shared by the Navy, at least.

## SOUTH CHINA v. CLUB.

The Chinese forwards proved too fast for the Club defence in this game and the result was an easy victory for the Chinese. Pau Ka Ping, who was absent from the team last week made a welcome return to the game and led his team so well that the issue was never in doubt. In the early stages of the game, the Club held the Chinese well, but after the interval, they left the pieces. Ng Po Kiu put the Chinese one goal ahead before half time and Pau Ka Ping added two more after the interval while Kam Chung Lau added a fourth. The Club managed to score just before the final whistle the goal coming through Boyd.

## KOWLOON v. ATHLETICS.

The Athletics took full points from Kowloon by virtue of smart team work and better shooting ability. The Kowloon team should at least have shared the points, but after time they depended on their weight and lost possession at vital moments.

The Chinese scored early in the first half through Yung Kam Po and although Kowloon had much the bigger share of the game after that, they failed to equalise, although they had many opportunities to do so. Lo Chui Wan added a further goal for the Athletics before the interval.

In the second half the Kowloon team made a determined effort to reduce the lead, but although they had much the better of the game, they failed to make any impression on the Chinese, whose clever footwork often left the Kowloon players standing. There was no scoring in the second half and the final whistle found the score 2-0 in favour of the Athletics.

## R.A. v. ST. JOSEPH'S.

Through a misunderstanding several of the players for the St. Joseph's team turned up at Sookun-poo instead of at Happy Valley for this game and the result was the college fielded several reserves, which gave the team no chance whatever against the artillerymen.

The soldiers scored three goals in the first half and added four more in the second. The Saints' only goal came in the second half through Santos. The R.A. goal scorers were Hardy (4), Snooks (2) and Hopkins.

## BORDERERS v. EASTERN.

The Borderers were too good for Eastern when these two teams met. The former is at the head of the league with eight wins in eight games, while the latter has sustained a defeat in each of the seven games in which they have appeared. When the teams met, there was no doubt as to the issue and it was only a question of "How many goals?" The soldiers took things easily and scored four, two of these coming from Mathias and one each from Pritchard and Wallace.

## THIRD DIVISION

## ST. JOSEPH'S v. R.A.S.C.

These two teams, both with reasonable prospects of carrying off the third division honours, met on the Chatham Road ground to settle the question of who is superior, but after an hour and a half's play the question remained unanswered as both sides failed to score. The backs on both sides were a bit too good for the forwards and although the Saints look dangerous on more than one occasion the soldiers managed to rob them of the ball at the right moment. A draw was about the fairest result on the run of the play.

## OTHER MATCHES.

In the other third division matches the Borderers accounted for the Radio Sports Club by two goals to one in an interesting game. The Lincoln's, who are also in the run for League leadership, took four points from South China by virtue of a 2-0 victory. Athletics defeated the Club 4-0, recording a brace from Boyd.

## WINS FOR ALSA, ZEPHYR, COLLEEN AND JOSS

Saturday though by no means an ideal day as regards weather at least provided a wind which suited the Anker Class yachts in their second championship race. They started well together, Jan, sailed by Mr. Krogh-Moe, getting well away, with Oslo, sailed by Mr. Bergaust, following close at hand. La Linda and Cicada were rather late.

The Quarry Bay mark boat with a strong flood tide running is always a ticklish proposition to round by reason of a patch of calm in that vicinity. Saturday proved no exception and skill and judgment were required by the yachtsmen at this mark. Jan and Joss, sailed by Mr. J. Stanton, at this point, were

driven by tide and wind to a friendly difference of opinion which is the subject of a protest by Joss against Jan, the latter having rounded first.

## Isobel's Mishap.

The race was not without further incident for Commander Cowland, sailing Isobel, after having been well up near the leaders at the Yacht Club mark turn had the misfortune to break his tiller. The Isobel then finished under a jury tiller, but naturally had to take last place.

The 1st Championship race was also decided. In the "T" and "Y" class, the start was a fair one, Als, being first over the line followed closely by Wings, Als, sailed by Major Lochner, kept the lead all through but had a great race with Speedwell, sailed by Major Stewart, which took second place on handicap by a margin of 45 seconds.

While making a poor start in the Gael class, Zephyr, which started 20 seconds late, won unmistakably by 7 minutes from Miss Patchett's boat, Toynette, sailed by Commander Stevenson. The weather seemed to suit Zephyr and her helmsman, Mr. F. E. Skinner, very well.

## SPORTS MEETING

## FOR CHINESE R.C. SCHOOLS

The annual sports meeting for students of all Chinese Catholic Schools in the Colony was held at Caroline Hill on Saturday afternoon. The events were well entered and keenly competed, and the meeting proved one of the best that has been held. Weather conditions were not ideal but the sharp cold may have given just a little extra stimulus.

The prize distributions took place immediately after the last event when Mr. Shuk Chun San, the President of the Committee responsible for the meeting, thanked all who had given prizes, and congratulated the winners. He also paid a tribute to all who had helped with the arrangements.
